NEWINGTON CHALLENGE COURSE

Challenge By Choice

Elements

What is a challenge course?

It is a specially designed obstacle course set up with unique elements, low and high, that foster group development. A low element is any activity set up 0 to 4 feet above the ground. A high element is generally from 15 to 40 feet above the ground and require a climbing harness and a belayer. We also have a zip line!

In addition to low and high elements, there are plenty of grassy areas for large group games, small group initiatives, and end-of-the-day reflections.

We provide adventure and teambuilding experiences for all types of organizations including schools, college organizations, athletic teams, corporate groups and church youth groups. Please contact us if you would like to inquire about an event for your group.

Newington Challenge Course is located at 281 Milk Lane in Newington, CT.
